

CREATOR LOGO GUIDE

We love seeing Pocket Bard on your streams, and you are welcome to use our creator streaming marks in your content should you wish. For the full picture on using Pocket Bard in your content, see our [Creator Policy](#).

Credit Statement

We do ask that you include the following in your channel or video description:

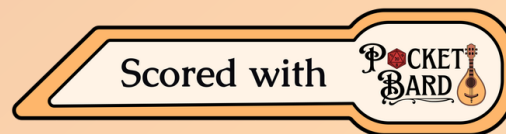

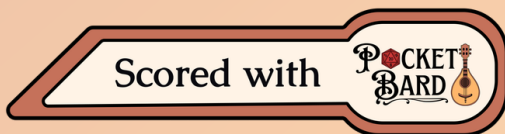

Uses Pocket Bard (pocketbard.app) under Pocket Bard's Creator Policy. Music by the Pocket Bard composers. Not endorsed by or affiliated with Pocket Bard Inc.

This wording is written to be copied and pasted, and using it as it stands is the simplest way to meet the credit requirement. A verbal mention during your content is always welcome in addition, though the description line is what we ask for.

Streaming Logo Overlay Usage

Permission to use these “Scored with” creator streaming marks for actual plays and TTRPG related content is granted under our [Creator Policy](#) and can be withdrawn at our discretion if content does not match our values. Using Pocket Bard, and using these marks, is not a sponsorship, endorsement, partnership, or affiliation.

We may update this guide from time to time. The current version always lives at pocketbard.app.

Please DON'T...

- Alter our logo in any way. No recoloring, stretching, rotating, cropping, drop shadows, outlines, or added effects
- Combine our logo with your own branding, or create a joint or "x" style lockup. This reads as a partnership, and we would rather your audience not be misled
- Use our logo as your channel avatar, profile picture, or banner
- Make our logo the dominant element of a thumbnail, banner, or key art
- Use our marks in connection with giveaways, contests, or promotions unless we have agreed to it in writing
- Use our logo or name on merchandise
- Use our marks in a way that suggests Pocket Bard sponsors, endorses, or is affiliated with your content

We are so grateful that you are using us for your games, happy adventuring!
